Report on Evaluation of Teaching-Learning Process in the college 25th July, 2024

On 25th July, 2024, evaluation of the teaching-learning process of the college was carried out by Dr. Fr. Francis S Cheerangal, Principal of the college. It was conducted at the Conference Hall from 02.20 PM to 03.40 PM.

1. Review of Nagaland University Examinations results – 2024 of BA II/IV/VI Semesters

The Nagaland University Examinations results – 2024 of BA II/IV/VI Semesters were reviewed with care. It is found that the overall pass percentage of the students stands good. However, teachers are advised to pay more attention on weaker students so that no student will have back papers in the university examinations in the near future.

2. Systematic preparation of questions bank

Teachers were advised to take extra care in setting questions for each unit of every paper/subject. The principal pointed out that setting of questions is one of the central pillars of a great teacher, and making the students answer the questions through notes making in a proper manner would enhance learning levels of students greatly.

3. Facilitation of a congenial learning environment

Further, the principal of the college encouraged the teachers to facilitate a congenial learning environment for students in every possible way.
