

## MINI HEALTH CAMP

On 27<sup>th</sup> July, 2023, the Red Ribbon Club in collaboration with the DAPCU (District Aids Prevention Control Unit) organized a mini health camp in the college campus. Two doctors, one counselor along with nurses and lab technician were part of the healthcare services.

The main objective was to bring awareness amongst the students about their health status and access to consultations regarding their health. Health examinations along with test such as hepatitis, malaria, STD, HIV& AIDS etc were taken. Student participated actively. They got updated with their health status along with free medicines. 93 students along with 7 faculties were part of the camp.
