

Seminar on Drug Abuse and STD

On 12th February, 2024 a seminar on Drug Abuse and STD was held at St. Xavier College Jalukie, organized by Red Ribbon Club. The seminar aimed to raise awareness about the dangers of drug abuse and the prevention of sexually transmitted diseases (STDs) among the youth.

The seminar was conducted by Mr. Rovikhoto Mor, an expert in the field of drug abuse prevention. He shared valuable insights into the various aspects of drug abuse, its impact on individuals and society, and the importance of prevention and rehabilitation.

Representatives from DISHA Peren, an organization working in the field of health and community development, also participated in the seminar. They shared valuable information about STDs, their causes, prevention, and treatment.

Following the presentation an interactive session was held where participants had the opportunity to ask questions and share their views on the topic. The session was engaging and informative, with participants actively participating in the discussion.

The seminar was a valuable initiative in raising awareness about drug abuse and STDs, while also addressing the stigmas and myths attached to these issues. It provided participants with important information and insights into these issues, empowering them to make informed decisions regarding their health and well-being.
