

## **Youth agenda 2024**

On February 15<sup>th</sup> 2024, the 'Youth Agenda 2024' event, coordinated by the Electoral Club, garnered participation from 56 students. The primary goal was to articulate our grievances and advocate for enhanced opportunities for the youth. As responsible citizens, it is incumbent upon us to articulate the collective perspective of India's Youth on education, health, employment etc.

Among the contributors from Samvada were

- Miss Nethrasuyra, Youth Mentor
- Mr. Neilano, Research and Advocacy
- Mr. Khalif, Research and Advocacy.

Their insights enriched the dialogue, fostering a more comprehensive understanding of the challenges and aspirations of the youth.
