

Entrepreneurship Skill Development Programme

From September 18 - 30, 2023, Nagaland Tool and Training Centre in collaboration with St. Xavier College organized Entrepreneurship Skill Development Programme. 104 Students from St. Xavier College participated in it. 4 Expert Instructors were deputed by Nagaland Tool and Training Centre for the training. Training Modules included: Banana Fiber Extraction, Fruit and Vegetable Dehydration, House Wiring and Maintenance, and Baking. The skills imparted to the participants are not only beneficial for self-employment but also contribute to the development of sustainable practices and local economic growth. The program was made possible through the dedication of the trainers and the enthusiasm of the participating students. It reflects the commitment of educational institutions and training centers in Nagaland towards holistic education and skill development.
